

ANUPAM LOHAR

UI/UX Designer | Web Developer

Jaipur, Rajasthan, India | +91-8003472387 | 2023pietcdanupam005@poornima.org | [GitHub profile](#) | [LinkedIn profile](#) | [Portfolio](#)

CAREER SUMMARY

UI/UX Designer & Web Developer with hands-on internship experience at CollegeDekho (UI/UX) and Renao Robotics Pvt. Ltd. (Web Development). Worked on creating user-focused interfaces, improving digital experiences, and developing responsive web solutions. Proficient in Figma, Adobe XD, Wireframing, HTML, CSS, and JavaScript, with a strong interest in building products that combine usability, aesthetics, and performance.

SKILLS

UI/UX Design | Product Design | UX Research | Design Thinking | Wireframing | Interactive Prototypes | Design Systems | Mobile-First Design | Accessibility | Figma | HTML | CSS | JavaScript | React | Next.js | Tailwind CSS | Frontend Architecture | Web Accessibility | Performance Optimization | Version Control (Git) | API Integration | User-Centered Design | Collaboration | Stakeholder Communication

EXPERIENCE

45-DAYS DATA SCIENCE INTERNSHIP | Upflairs Pvt. Ltd. | Jaipur, Rajasthan, India May 2026 – Jul 2026

Completed an intensive internship covering Python development, data analysis, machine learning, deep learning, NLP, computer vision, and Generative AI. Built multiple mini and capstone projects while gaining hands-on experience with end-to-end AI/ML workflows, model development, data processing, and deployment concepts.

- Developed strong foundations in **Python, OOP, Git/GitHub, Linux basics, and Flask web development**.
- Worked with **NumPy, Pandas, data cleaning, transformation, preprocessing, and exploratory data analysis (EDA)**.
- Created **data visualizations** using **Matplotlib and Seaborn** for analytical insights.
- Implemented **supervised ML models** including Regression, Logistic Regression, SVM, KNN, Decision Trees, Random Forest, and Naive Bayes.
- Applied **unsupervised learning techniques** such as **K-Means clustering** and model evaluation methods.
- Built **deep learning models** using **ANN, CNN, Keras**, and explored **transfer learning and object detection (YOLO)**.
- Worked on **NLP pipelines** including text preprocessing, TF-IDF, embeddings, OCR, speech processing, **RNN/LSTM/GRU**, and text generation.
- Explored **Generative AI, Transformers, LLMs, BERT, GPT, NER, summarization**, and developed simple AI applications.
- Completed projects including **ATM Simulation, CLI Chat Application, Spam Classification, Bike Price Prediction, Disease Prediction, Farmer Guider AI App, Loan Approval System, Dog vs Cat Classification, Math GPT, and conversational chatbots**.

45-DAYS WEB DEVELOPMENT INTERNSHIP | Renao Robotics Pvt. Ltd. | Jaipur, Rajasthan, India Jun 2025 – Jul 2025

Completed a 45-day Web Development internship, gaining hands-on experience in building responsive websites and learning core web technologies including HTML, CSS, JavaScript, and basic backend concepts. Worked on developing user-friendly interfaces, improving problem-solving skills, and understanding the web development lifecycle from design to deployment.

- Developed and customized web pages using HTML, CSS, and JavaScript to create responsive and interactive user interfaces.
- Gained practical exposure to website testing, debugging, deployment processes, and collaborative development practices.

15-DAYS UI/UX DESIGN INTERNSHIP | CollegeDekho. | Jaipur, Rajasthan, India Jul 2024 – Jul 2024

Completed a 15-day intensive UI/UX design training program with hands-on project work.

- Conducted user research and developed user personas to guide design decisions
- Gained practical experience in design thinking, prototyping, and user-centered design.

EDUCATION

B.Tech. In Computer Science and Engineering (CSE) with Data Science specialization (CGPA: 7.0)

2023 – 2027
Jaipur, Rajasthan, India
